

AMENDMENTS TO THE CLAIMS

Claim 1. (Previously Presented) A modified polyoxyalkylene polyamine obtained by addition reaction of a polyoxyalkylene polyamine and an unsaturated hydrocarbon compound.

Claim 2. (Original) The modified polyoxyalkylene polyamine according to Claim 1, wherein said polyoxyalkylene polyamine has a weight average molecular weight of not more than 1000.

Claim 3. (Currently Amended) The modified polyoxyalkylene polyamine according to Claim 1, wherein the carbon number of said ~~alkenyl group-containing unsaturated hydrocarbon~~ compound is 2 to 16.

Claim 4. (Currently Amended) The modified polyoxyalkylene polyamine according to Claim 2, wherein the carbon number of said ~~alkenyl group-containing unsaturated hydrocarbon~~ compound is 2 to 16.

Claim 5. (Currently Amended) The modified polyoxyalkylene polyamine according to Claim 3, wherein said ~~alkenyl group-containing unsaturated hydrocarbon~~ compound is styrene.

Claim 6. (Currently Amended) The modified polyoxyalkylene polyamine according to Claim 4, wherein said ~~alkenyl group-containing unsaturated hydrocarbon~~ compound is styrene.

Claim 7. (Currently Amended) The modified polyoxyalkylene polyamine according to Claim 1, wherein the molar number of modification of said polyoxyalkylene polyamine by said ~~alkenyl group-containing unsaturated hydrocarbon~~ compound satisfies the following mathematical formula (1).

$$\frac{1}{10} A \leq X \leq A \quad (1)$$

wherein "A" represents the number of active hydrogen atoms in said polyoxyalkylene polyamine and "X" represents the molar number of modification.

Claim 8. (Currently Amended) The modified polyoxyalkylene polyamine according to Claim 2, wherein a the molar number of modification of said polyoxyalkylene polyamine by said alkenyl group-containing unsaturated hydrocarbon compound satisfies the following mathematical formula (1).

$$\frac{1}{10} A \leq X \leq A \quad (1)$$

wherein "A" represents a number of active hydrogen atoms in said polyoxyalkylene polyamine and "X" represents a the molar number of modification.

Claim 9. (Currently Amended) The modified polyoxyalkylene polyamine according to Claim 3, wherein a the molar number of modification of said polyoxyalkylene polyamine by said alkenyl group-containing unsaturated hydrocarbon compound satisfies the following mathematical formula (1).

$$\frac{1}{10} A \leq X \leq A \quad (1)$$

wherein "A" represents a number of active hydrogen atoms in said polyoxyalkylene polyamine and "X" represents a the molar number of modification.

Claim 10. (Currently Amended) The modified polyoxyalkylene polyamine according to Claim 5, wherein a the molar number of modification of said polyoxyalkylene polyamine by said alkenyl group-containing unsaturated hydrocarbon compound satisfies the following mathematical formula (1).

$$\frac{1}{10} A \leq X \leq A \quad (1)$$

wherein "A" represents a number of active hydrogen atoms in said polyoxyalkylene polyamine and "X" represents a the molar number of modification.

Claim 11. (Currently Amended) The modified polyoxyalkylene polyamine according to Claim 6, wherein a the molar number of modification of said polyoxyalkylene polyamine by said alkenyl group-containing unsaturated hydrocarbon compound satisfies the following mathematical formula (1).

$$\frac{1}{10} A \leq X \leq A \quad (1)$$

wherein "A" represents a number of active hydrogen atoms in said polyoxyalkylene polyamine and "X" represents a the molar number of modification.

Claim 12. (Original) A curing agent for epoxy resin comprising the modified polyoxyalkylene polyamine according to Claim 1.

Claim 13. (Original) A curing agent for epoxy resin comprising the modified polyoxyalkylene polyamine according to Claim 2.

Claim 14. (Original) A curing agent for epoxy resin comprising the modified polyoxyalkylene polyamine according to Claim 3.

Claim 15. (Original) A curing agent for epoxy resin comprising the modified polyoxyalkylene polyamine according to Claim 5.

Claim 16. (Original) A curing agent for epoxy resin comprising the modified polyoxyalkylene polyamine according to Claim 6.

Claim 17. (Withdrawn) An epoxy resin composition comprising an epoxy resin and the curing agent for epoxy resin according to Claim 12.

Claim 18. (Withdrawn) An epoxy resin cured product obtainable by curing the epoxy resin composition according to Claim 17.
